- Research

LANGUAGES

- English
- Sinhala

ABOUT ME

Motivated and detail-oriented Software Engineering undergraduate with a passion for full-stack development. Skilled in front-end and back-end technologies, including React.js, Next.js, Node.js, ASP.NET, Laravel, and more. Experienced in developing and deploying scalable web applications with a strong focus on performance and user experience. Quick learner, problem solver, and enthusiastic about exploring new technologies. Seeking an internship opportunity to apply my skills, contribute to innovative projects, and enhance my industry experience.

CERTIFICATIONS

Fundamentals of MERN Stack	Simpli Learn | Nov 11, 2024
Web Design for Beginners	University of Moratuwa, | Oct 15, 2024
Python for Beginners	University of Moratuwa | Oct 13, 2024
Azure: Create a REST API using NodeJS Serverless Functions	Coursera | Oct 12, 2024
Build a Computer Vision App with Azure Cognitive Services	Coursera | Oct 10, 2024

PROJECTS

My Portfolio **Jan 2025**

- Technologies: Next.js 15, React 19, Tailwind CSS, Framer Motio, Vercel
- A sleek and responsive personal portfolio website that showcases projects, skills, and experiences, optimized for performance and accessibility with smooth animations..

BikzIk E-Commerce Platform **Dec 2024**

- Technologies: MERN Stack, Tailwind CSS, JWT, Cloud Storage, Vercel
- BikzIk is a modern, full-stack e-commerce platform offering a seamless shopping experience with user authentication, product management, and cloud image storage.

UniCore - University ERP System **Nov 2024**

- Technologies: Next.js, React, MongoDB, CSS, 0Auth
- A powerful ERP system designed for university management, featuring modules for resource utilization, reservations, user profiles, and administrative operations.

Supplement Shop Client **Jun 2024**

- Technologies: Next.js 14, MongoDB, Styled Components
- A responsive supplement store for customers, featuring product listings, category filtering, featured product banners, and a shopping cart for a seamless user experience.

Supplement Shop Admin **May 2024**

- Technologies: Next.js 14, MongoDB, Tailwind CSS, OAuth
- A modern admin dashboard for managing supplement shop operations, with CRUD features for categories, products, and admin users, secured with OAuth authentication.
